

**FORAGE FIRST™**  
WHEN YIELD AND QUALITY MATTER™

P R E M I U M  
*Seven Star*  
R A N G E P A S T U R E M I X

Seven Star Range Pasture Mix is the most versatile mixture in the Forage First™ line-up. This combination of grasses and legumes is adapted to a variety of soil types and conditions. Responds equally well in irrigated and non irrigated land. Seven Star Range Pasture Mix provides optimum yields and top-notch nutritional value.

- Combination of grasses and legumes
- Well suited for non-irrigated areas
- Excellent grazing mixture
- Well adapted to hay, haylage and green-chop
- Highly palatable
- Persists year after year with proper management

**Planting Rates:**

30-40 lbs. per acre for new pastures; 10-20 lbs. per acre for over-seeding existing pastures.

**Planting Times:**

Best in early spring and early fall when weather is cooler and moisture is more reliable.

**Use:**

All states.
